The MUSIC VIDEO KIT™

lets you create colors, patterns, motion, even entire scenes, and synchronize them to the music you also create.

This two-disk program is a complete music video machine, with features such as:

- Polyphonic synthesizer with more than 100 preset sounds
- 4-track video recorder/editor
- Multi-color character generator and sprite editor
- More than 20 high res and character background options
- More than 50 animated "actors"
- Beginner, intermediate and advanced programs built right in
- Joystick control of actors

By selecting and combining elements from "Music", "Actor" and "Background" menus, you create your own computer-animated musical movies!

Music Video Kit is compatible with Sight & Sound's Music Processor™ and Computer Song Albums™.
